

IHSAN ULLAH

NETWORK ENGINEER & IT ADMINISTRATOR

Location: Riyadh, Saudi Arabia	Phone: +966 556 129 862
Email: engineerihsanullahai@gmail.com	LinkedIn: linkedin.com/in/engrihsanullah
Visa Status: Valid Transferable Iqama	Availability: Immediate (No Notice Period)

PROFESSIONAL SUMMARY

Experienced **Network Engineer & IT Administrator** with 2+ years of verified corporate experience (plus 2+ years of freelance/hands-on technical projects) in designing, deploying, and maintaining enterprise network infrastructure, IP CCTV systems, and IT operations across Saudi Arabia and Pakistan. Proven track record of providing Tier 1/2 support to 500+ users and achieving 99.9% uptime. Certified in **CCNP ENARSI, CCNA, and Microsoft Azure**. Hands-on expertise in Cisco routing & switching, Windows Server administration, structured Cat6/PoE cabling, fiber optics, and physical access control. Fully trained in HSSE site compliance.

CORE COMPETENCIES

Network Infrastructure Cisco Routing & Switching, LAN/WAN Architecture, VLAN Segmentation, VPN Setup, DHCP/DNS, TCP/IP, Firewall Management.	Systems Administration Windows Server (2016/2019/2022), Active Directory (AD), Group Policy Objects (GPO), Domain Controllers, Data Backups & Disaster Recovery.
Security & Access Control IP CCTV Infrastructure (Hikvision, Dahua), NVR/DVR Configuration, Biometric Door Access Control, IP Intercoms, Alarm Systems.	Physical Infrastructure Structured Cat6/PoE Cabling, Fiber Optic Splicing & Testing, Conduit Routing, IT Room Setup, Wireless Access Points (TP-Link).
Simulation & Tools Cisco Packet Tracer, GNS3, EVE-NG, Wireshark, MS Office (Excel, Word, PowerPoint), Technical Documentation (SOPs).	Operations & Support IT Asset Management, Vendor Coordination, HSSE Compliance, Helpdesk & Technical Support (500+ Users).

PROFESSIONAL EXPERIENCE

IT Administrator & Infrastructure Technician	Orient Construction Company (Almarai)	Feb 2025 – Apr 2026
PPP4 Hail Project)		
Network Infrastructure: Deployed and maintained LAN/WAN networks, secure VPNs, and firewalls; supervised Cat6/PoE structured cabling and performed fiber optic splicing and testing. Systems Administration: Managed Windows Server environments, Active Directory, DNS/DHCP configurations, and Group Policies; executed automated backup routines for disaster recovery. Security & Access Control: Installed and configured IP CCTV systems (Hikvision, Dahua, NVR/DVR) with motion detection and deployed biometric fingerprint access controls for secure facilities. Attendance & HR Integration: Managed employee biometric registration, data synchronization, troubleshooting, and daily HR attendance reporting. Technical Support: Provided Tier 1 and Tier 2 technical support for 500+ users covering PC hardware, operating systems, printers, and Cisco IP telephony systems. IT Operations: Maintained IT asset inventories, technical documentation, SOPs, vendor relations, and web hosting services (WordPress/cPanel).		

PROFESSIONAL EXPERIENCE (CONTINUED)

Network Administrator | Peshawar Serena Hotel

Jun 2024 – Jan 2025

- Managed hotel network infrastructure and server operations, maintaining **99.9% uptime** for 200+ active users.
- Executed 24/7 network monitoring, maintenance, and proactive troubleshooting using enterprise monitoring tools.
- Provided high-priority technical support within strict SLA deadlines for guests and administrative departments.
- Maintained complete network topology diagrams, security protocols, and disaster recovery procedures.

Network & CCTV Technician | Shah Bangash Traders

Jan 2024 – May 2024

- Installed and configured IP and Analog CCTV camera systems (Hikvision, Dahua, NVR/DVR) with multi-zone motion detection.
- Implemented structured Cat6/PoE cabling with organized conduit routing, executed fiber optic splicing, and set up server room rack infrastructure.
- Configured biometric access control systems and IP intercoms; resolved connectivity issues, reducing operational downtime by **40%**.

Freelance IT & Network Systems Support | Independent Technical Projects

Jan 2022 – Dec 2023

- Designed and installed small-to-medium network infrastructure, Wi-Fi coverage (Access Points), and CCTV systems for local businesses and private clients.
- Performed system upgrades, OS installations, hardware troubleshooting, and data recovery for client workstations.

PROFESSIONAL CERTIFICATIONS

CCNP ENARSI

Cisco Certified Network Professional

CCNA

Cisco Certified Network Associate

Azure Administrator Associate

Microsoft Certified

Networking Training Certificates

CORVIT Systems Training

EDUCATION

Bachelor of Science in Computer Science (BSCS)

University of Agriculture Peshawar (2020– 2024)

Diploma in Information Technology (DIT)

Capital Institute of IT & Management Sciences (2018– 2019)

ADDITIONAL DETAILS & LANGUAGES

Languages	English (Professional Working Proficiency), Urdu / Pashto (Native), Arabic (Basic Working Knowledge)
Iqama & Availability	Valid Transferable Iqama — Available for Immediate Joining (No Notice Period)
Compliance	HSSE (Health, Safety, Security, and Environment) Site Compliance Trained
